Business Insights & Recommendations

INSIGHTS

- Peak sales: 2 PM–4 PM
- Electronics lead revenue
- Apple is top brand
- Friday & Saturday busiest
- Browser $\approx$ App revenue
- Festive months (Oct–Nov)

RECOMMENDATIONS

- ✓ Run campaigns during peak hours
- ✓ Increase Electronics inventory
- ✓ Focus marketing on Apple & Samsung
- ✓ Launch weekday offers
- ✓ Improve checkout experience
- ✓ Stock inventory before festivals

Final Conclusion

Electronics, Apple, peak shopping hours (2–4 PM), and festive months (October–November) are the key revenue drivers. Optimizing promotions, inventory planning, and customer engagement during these periods can significantly improve overall business performance.
